“STREET FAIR”

OPENER - MIDDLE BREAK - CLOSER

All 4 ladies chain across, turn the girl you know
Half sashay, join hands and circle on the heel and toe
Ladies rollaway, circle left around the ring
Left allemande the corner girl, weave around the ring
Wind 'em in and out around
Meet your girl promenade that lady round
Oh listen for the sound of a merry go round
Come and join me at that fair

FIGURE

Heads (sides) square thru in the middle
4 hands 'round my friend
Dosado that corner girl, you make that wave and then
Girls trade, swing thru, boys run right around
Bend the line, a right & left thru, turn 'em with an arm around
Square thru you count 'em 3
Swing that corner girl and promenade you see
Can't you hear the sound of a merry go round
Come and meet me at the fair

TAG

Walk around corner, see saw your own
All to the middle and cheer
