"I LOVE THE WORLD"

opener - middle break - closer

four ladies chain across the ring, turn and chain her back again

(singing) i love the world

join hands make a ring, circle left like everything

allemande left and weave the ring

*how i've waited all year through, spring, summer, autumn too

**swing and whirl and promenade the girl away

**you can tell we're almost there: there is christmas in the air

i love the world

figure

heads promenade halfway while the sides square thru

singing..i love the world

pass thru, trade by, dosado around you fly

you make a wave and balance there

ladies trade, recycle, that corner lady swing

swing the corner girl and promenade

***feel the magic in the air; it's a special time of year

i love the world

tag i love the world

additional lyrics

*may all your loved ones be near you, may your spirit be bright
**may all your dream be what this season brings

*wishes for the year to come, you'll feel your life has just begun
**sentiments that everyone should know

***in this winter wonderland, side by side, hand in hand

***share the joy, share the cheer, make it last throughout the year
