Opener, Break, Close (Circle Left)

I wasn't born for digging deep holes  
I'm not made for paving long roads  
Left Allemande you Do Sa Do with your own  
Now the Gents Star Left you go round  
Turn your Partner Right and your corner Allemande  
Come back and Promenade, walk round the land  
Don't have a knack for making motors crank, naw  
But I'm pretty good at drinking beer

Figure

Four Ladies Chain on across, turn 'em round  
You Chain your lady, send her back to me  
Put the Ladies Back-To-Back, Men Promenade around the track  
Here's your Do Paso  
Turn your partner Left, turn your corner Right  
Turn your partner Left, you take your corner Promenade  
I'm too slow for working too fast  
But I'm pretty good at drinking beer
