“THAT OLD PIANO”

Opener, Break, Close (Sides Face, Grand Square)

That old piano with all the worn out keys

Just an old piano with faded ivories

But it was a treasure, it gave us so much pleasure

That old piano (Allemande Left and Weave the Ring)

When them old hammers bounced off them old strings

Swing your girl and Promenade

No question 'bout it, we couldn't do without it

That old piano

Figure

Heads Promenade Halfway

Square Thru four - four hands round

Right & Left Thru, turn the girl - Dive Thru

Zoom - Double Pass Thru - Cloverleaf

New Centers Square Thru Three-Quarters round

Swing your girl and Promenade

But it was a treasure, it gave us so much pleasure

That old piano
