CRUISING DOWN THE RIVER

Originally Rawhide 209

Opener & Close (Sides Face, Grand Square)

Cruising down the river

On a Sunday afternoon

With the one you love; the sun above

Waiting for the moon (Allemande and Weave)

The old accordion playing

A sentimental tune

Cruising down the river

On a Sunday afternoon

Figure

Heads Square Thru four hands you do

With the Sides a Right Hand Star

Heads Star Left one time you know

All the way go Right & Left Thru

Touch A Quarter – Split Circulate Two Times

The corner lady – Swing and Promenade

Cruising down the river

On a Sunday afternoon

Break (Sides Face, Grand Square)

The birds above all sing of love

A gentle, sweet refrain

The winds around all make a sound

Like softly falling rain (Allemande and Weave)

Just two of us together

Will plan a honeymoon
