Originally Blue Star 2079

* I took some time to clear my mind
And give myself a change of atmosphere
But just when I think, I'm through loving you
Left Allemande and Weave the Ring
Back on my mind, time after time
I wonder if this heart will ever mend
Cause just when I think, I'm through loving you
You're back on my mind again

* I came out of my shell, really doing well
I met someone who thinks the world of me
But just when I think, I'm through loving you
