“ALMOST JAMAICA”

Jerry Gilbreath
10550 Wilshire NE
Albuquerque, NM

Opener, Break, and Close (Sides Face, Grand Square)

* She was born in Dakota
* Where she froze to death each winter
* But she dreamed about the islands
* By the fire burning splendor (Allemande Left and Weave)
Almost paradise (Swing and Promenade)
It was almost Jamaica
It was almost real nice

Figure

Heads Square Thru go four now
With the corner Do Sa Do
Swing Thru and then Boy Run
Bend the Line do the Right & Left Thru
Flutterwheel straight across now
Slide Thru and corner Swing (Promenade)
It was almost Jamaica
Almost real nice

Alternate lyrics

* So she moved down on the border
* With the sunshine but no seaweed
* Though she could not drink the water
* Some of the streets were lined with palm trees

* Electric fan on the table
* Show is her waterfall
* She may never have Jamaica
* But in her mind she has it all
